

CCP TO-DO LIST

#1

Attend the CCP informational meeting, complete the intent form and return to Ms. Rohlfs (current year students must also complete the form)

#2

Apply for CCP admission using the website of the college you want to take courses from (I recommend starting with Edison). If you need your transcript sent, see or email Ms. Rohlfs.

#3

At this point, if your current coursework does not qualify you for admittance, you will need to take the Accuplacer test. You schedule this with Edison/Sinclair directly.

#4

If you take the Accuplacer, give Ms. Rohlfs a copy of your score.
If you gain admittance based off your transcript alone, you are ready to register for classes.

#5

If you are taking classes through Edison, you will fill out a registration paper with the rep on the scheduled day they are here (or with Ms. Rohlfs). If you are taking classes through Sinclair, you must register yourself and send Ms. Rohlfs a screenshot of your classes.

THINGS TO KEEP IN MIND:

CCP Coordinators for TCN:

Edison - Ethan Tauscher,
etauscher@edisonohio.edu

Sinclair - Jillian Sacha,
jillian.sacha@sinclair.edu

The STUDENT is responsible for knowing all important dates regarding CCP. This includes withdrawal/drop deadlines, registration deadlines, book ordering and return deadlines, etc.

If you drop a course beyond the withdrawal date, you will receive an “F” for the course and financial responsibility will fall to the family.

Take these courses seriously! The grade you receive will appear on your TCN transcript, as well as your official college transcript, and a poor grade may affect undergraduate admission and financial aid after high school! If you fail the course, financial responsibility falls on the student/their guardians.

See Program of Study for more information*
